

Disclaimer: The spreads provided are indicative and are subject to change according to trading hours and market volatility. Clients should note that these may vary and are advised to check important news announcements on economic calendar which may result in the widening of spreads, among other instances. CFDs and FX are leveraged products. Trading CFDs carries a high level of risk since leverage can work both to your advantage and disadvantage. As a result, CFDs may not be suitable for all investors because you may lose all your invested capital. Please refer to the full Risk Disclaimer.
